
THE TILLER

Volume 72, Issue 3

Lake Worth Sailing Club Est. 1935

Apr-May 2007

Commodores Corner

By Brian McMillan

Well, it has been a very active March and April down at our beloved club. The putrid odor in the men's room has been eliminated. The floor was ripped out and the problem was solved by a very brave man. His name is Bill Mohr. He made it his mission to find and fix the leak, mission accomplished!!! The rest of the floor was removed and new tile was installed, it looks great. Thanks to everyone for pulling together to get this accomplish in one weeks time.

St Patrick's Day was a grand event. I don't understand the members that missed these events. The food was absolutely out of this world. Thanks go out to a couple of genuine Irish folks, Tom and Patty Malone for their help keeping most of us obese.

Marianne and Brian Peterson hosted a cookout camp-over. I was amazed at the turnout but after we ate Brian's hot dogs, everyone left. Just kiddin'. Fun was had by all and there were a few die hard's that spent the night. Great bonfire Ron Bracy.

I can't pass up an opportunity to let everyone know I finally won a race. I was truly in shock for two days before the truth seeped in. I did not win anything, the crew that day was unforgettable and made all the difference in the world. When you get a chance to sail with Kevin Culver and Jim Holcomb you learn a lot. I have never been called that many names in my life!!

In the last few weeks it has come to my attention that some of the members have slipped on their dues. Because different people pay in different ways it might be a good idea to talk to Jim H if

you have questions. Let's do what we can to solve this issue.

In closing, I encourage everyone to come out and be part of it all. Board meetings are every First Sunday of the month at 12:30. Every member is welcome to share views, ideas and opinions. If you prefer Saturday night after 9:00 PM that might be better. Let me know email: cindy@sbcglobal.net.

Sail Shed Cleanup

By Bill Mohr and Jim Holcomb

Bill and I removed everything from the Sail Shed cleaned it out and returned only those items that belonged; sails, spars, tillers and rudders for board boats, catamarans, Lasers and Sunfish. In addition we move the Santana 20 sail's into this shed.

All the other gear and stuff has been moved to the gate house. If you had STUFF in the Sail Shed you need to come claim your property and TAKE IT HOME. See Bill or Jim to get your gear.

Clubhouse Locks Changed

By the Board of Governors

Unfortunately we had to change all the locks for the Clubhouse and sheds, sail, buoy, work and tool. Enclosed is a new key, drop the old one in the bill box when you can.

Sorry for the inconvenience.
