From The Commodore

By Gary Noyes

What a summer we're having! The breezes are up every afternoon and we've got plenty of refreshments to go around. It's been good to see you out on the water and at your club this year.

The July Full Moon Sail was a wonderfully relaxing experience. Good air, better hamburgers, and lots of friends on the water. "Thank ya, sailor" to **Brian and MaryAnn Peterson** for cooking on their party barge and giving us a floating home to raft up to. Pamela and I brought some old friends with us and they are both ready to come back.

Summer racing has been fun. I've had my Hobie out most Sundays and the wind has been strong enough that my handicap doesn't pencil whip me too bad. Don't forget that we have Santana races the first Sunday of each month. **David Stokley** is currently winning that series so don't believe him when he sez "I don't know nothing about racing." Be sure to check the calendar to see if you're up as race committee. If it's your turn and you don't know what to do then call your race committee chairman **Glenn Brandon**. Glenn will be glad to give you all the instructions you may want. He'll probably even give you a beer.

Labor Day: Don't forget the grand time scheduled for Labor Day weekend. Saturday evening about 6:00 PM is the annual Shrimp Boil. I'm trying to get the guitar picking band Twice Bitten signed up to entertain us while we party. If you remember the good-ole-boy who built our new picnic tables then you'll recognize

one of the guitar pickers. Sunday starts with leftovers for breakfast followed by a 1:00 PM start for the first of two races. Race three on Monday also starts at 1:00 PM. These are handicapped races with engraved trophy cups. I'm planning on scoring my third Grubbs Cup victory this year. Certainly don't want anybody to stand in my way of victory.

See ya on the water.

Gary

New Member Application

By Jim Holcomb

This month we have five applications for membership, the following are the names and particulars of the five applicants. Please cast your ballot and return it within the two-week voting period.

Nick Kithas

Nick and his son Alex have a North American 23. If Nick's name sounds familiar it is because he is the owner of the JAZZ CAFÉ on Montgomery Street.

Recommended by Kevin Culver

Ted Gay

Ted and Patti live in North Richland Hills. Ted has been crewing at the club since the Frostbite and would now like to become a full member. He has his eye on a Hobie Cat but hasn't bought it yet.

Recommended by Gary Noyes

Gregg Little

Gregg and Donna Kay live in Aledo, they own a Catalina 22 that they have trailer sailed to many of the lakes in North Texas. Gregg has a history with LWSC, when he was younger he crewed for Gerald and Skipper Pullig former members who now live in Missouri.

Recommended by Jim Holcomb

Ron Bracy

Ron and Bree-Anne live in Ft. Worth. Ron has been crewing for Carl Perry for the last few months. He currently owns a San Juan 24 that is on Lake Texoma.

Recommended by Gary Noyes

Raymond Paris

Raymond and Gina live in Azle. Raymond has sailed on board boats and daysailers in the past and has recently purchased a Catalina 22, found it on EBAY, that he picked up in Michigan and hauled back to Texas.

Red Stump

The Red Stump Patio has a sandy new porch front including a fence to block the wind so the sand will not blow away. Come stick your toes in bury a friend or just make a Sand Castle

Trash Collection

The City of Ft. Worth has changed from bag to can pickup for residents and changed to pickup to once a week. Commercial pickup is still bags thru August after that we will also be can pickup. Because we are the only commercial pickup on the north shore our pickup day has changed to match the residents. Monday is the new pickup day, so if you are the last to leave on Sunday make sure that the trash is put out for Monday pickup.

Last One Standing

Speaking of the last to leave, if you are that lucky person make sure to lock the club and the sheds, turn off the fans and lights and shut off the dock pumps. There are four sheds (RC, Mower, Spar and Sail/Work) and there are two pumps one on each dock. There are five fans (Commodore, Men, Women, Main rooms & Patio). Last but not least close the windows, turn off the lights and lock the doors to the clubhouse.

There is an adage that has been used at the club for a long time, "Always leave the club a little better than you found it" and it still holds true. You or the other members who come out the next time will appreciate your effort
