

# THE TILLER

Lake Worth Sailing Club, Est. 1935  
July, 2018

---

## Commodore's Corner

We have worked hard as a Board this year with better communication, a full Race Schedule and some cruising events coming up. We are only missing one thing, YOU.

Come out and enjoy your Club, there has been many week-end evening's with only 3 or 4 people at the club.

A big thank you to all that came out and help with the work party. David Tyler supplied the trencher and dug all of the trenches, Mike Pilgrim and Dustin Phillips constructed our manifold, Gary Noyes headed up the pipe laying. Ted Hubble, Andy Bahr, Aaron Brandt, Howard Webb, Kevin Culver, Kevin Williams, Bill Tyler, Gordon Kayser, Craig Morgan, Brian Berry and all the rest that showed up. All these folks spent a lot of time hauling pipe, digging out trenches, running new water lines on the docks and filling in trenches. Thank you all for your help.

July Fourth was a fun time at the club and thanks to Cindy, Mary and the Berry's for the great food.

Come out and enjoy your club.

Bill ☺ ☺ ☺

## From the Vice-Commodore

Mary and I have moved to our new lake house and are really enjoying living on the water. Our new address is 7700 Lon Morris Court Fort Worth, Texas 76135. We would like to have our LWSC members come by and see us. Stand by for info concerning a party for all our friends. We have a swim platform with cleats attached to our boat house. You may come by car or boat. We are the third house from Glenn Brandon's house.

Thanks again to the two dozen folks that came out for the last work party. Thanks to you our club is running well and looking good. Soon, stickers in the lawn will be a thing of the past!

Keep in touch with your club on our new website. It is the way to do everything from paying your bill to registering for events. We did not have a quorum for the June 6 board meeting. It was rescheduled to Sunday, June 10 at 1:00.

The members are friendly, the water is warm, and the time is right to come out and enjoy our beautiful lake.

See you at your Club, Gordon

*Dustin and Mike exhibit manifold skills.*

## Race Corner

Hello everyone,

We had a beautiful day of Sailing on Sunday, we had 2 races and 5 competitors, blowing 5-8 during Race 1 and 10-12 for race 2. Come out and play for fun or to indulge your competitive spirit.

Please check the website for upcoming events, whether it be racing, Moonlight cruises or other club activities.

There have been a few minor changes to the Website (ex. Reminders have been setup for all events in July as a test) Let us know what you think!

We will be trying out POLLS as well. Try out our first one. <https://lakeworthsailingclub.wildapricot.org/Sys/Poll/1679>

Thanks,  
Aaron

Ted Hubble searches for a breeze in his Snipe.

Freshly repainted sign in new location on south facing wall tells boaters on the lake who we are.

## LWSC Treasury

After completing an inventory of trailers on LWSC property, we have discovered several unidentified board boats. Please let me know if you have a board boat or trailer that is not included on your monthly invoice.

Also, please check your SPAM filter and make sure that [lwsc76135@gmail.com](mailto:lwsc76135@gmail.com) is not being blocked. This is the email address associated with the emailed invoices and statements.

As always, feel free to contact me with questions or concerns.

Best,

Mark Twain once said, "Age is an issue of mind over matter. If you don't mind, it doesn't matter."

Jeff Owen's family watches as he single-handedly raises the mast on his Catalina 22. Jeff refused any assistance because he wanted to try out his 12 volt power winch and A-frame. The winch features a hand-held remote and not only did he get the job done, he made it look easy!
