Vice Commodore's Report

Kudos go to Brian McMillan. Several times this summer he's brought out his tractor and helped with the heavy lifting, scraping, and smashing.

Next work party is scheduled for Saturday 14 September 2019. We need to finish painting the pretty white fence, finish the mower shed lean-to, replace dock and deck boards, and yard work. Always yard work. Bring tools appropriate for your favorite job.

Don't be surprised if you get a call from me requesting you move your dock lines to the D Rings through-bolted to the dock steel. Most of the members with wet slips have completed this trivial task but there are a few hold-outs. The member is responsible for maintaining their slip, both wet and dry. We now have an almost new push mower that is excellent for keeping the grass cut below your boat and trailer.

Do you continue to pay storage every month for a derelict boat? If so, then contact your friendly neighborhood Commodore and offer to pitch in for a 40 yard dumpster.

Gary Noyes, Vice-Commodore
